

Nishant

Full-Stack Developer

Bahadurgarh, Haryana, India | codobaby@outlook.com | portfolio.iamristaf.in | linkedin.com/in/iamristaf | github.com/iamristaf

SUMMARY

Full-stack developer who builds and ships complete products independently across web, mobile, browser-extension and editor platforms. Creator of N Language, a programming language, with extensions live on the Chrome Web Store and the VS Code Marketplace. Experienced with Next.js, React, Node.js, MongoDB, Firebase and Flutter.

SKILLS

Frontend: Next.js, React, JavaScript, HTML / CSS, Tailwind CSS, Framer Motion

Backend: Node.js, Express, FastAPI, REST APIs, Socket.io, JWT authentication

Data and cloud: MongoDB, Firebase, Supabase, Vercel, Render

Mobile: Flutter, Dart, Riverpod, Kotlin, Android

Extensions and tooling: Chrome extensions (Manifest V3), VS Code extensions, WebRTC, Python, Git and GitHub

Payments and monetisation: Razorpay, Cashfree, AdMob

EXPERIENCE

Founder and Independent Developer, Nishant Creations (Present)

- Design, build and publish software independently across web, mobile, Chrome/Edge extension and VS Code platforms.
- Created N Language, a programming language, with its website and a VS Code extension.
- Published Browser Memory to the Chrome Web Store and Code Aura and TimeTravel Code to the VS Code Marketplace.
- Built AcadeX, a notes-sharing platform with live classes, AI-generated notes, quizzes and payments.
- Write and publish original fiction through Nishant Creations.

Full Stack Web Developer Intern, Cognifyz Technologies (Jul 2024 - Aug 2024)

Front End Developer Intern, Bharat Intern (Mar 2024 - Apr 2024)

Full Stack Web Developer Intern, Prodigy Infotech (Feb 2024 - Mar 2024)

PROJECTS

N Language - portfolio.iamristaf.in/projects/n-language

- Created N Language, a programming language, with its website (nlang.in) and a VS Code extension for .n files published on the VS Code Marketplace and Open VSX.

Browser Memory - portfolio.iamristaf.in/projects/browser-memory

- Built Browser Memory, a privacy-first local browsing timeline for Chrome and Edge (Manifest V3) with a Pro license system and a Next.js payment backend; live on the Chrome Web Store.

Code Aura - portfolio.iamristaf.in/projects/code-aura

- Built and published Code Aura, a VS Code extension that acts as an emotionally intelligent coding companion.

TimeTravel Code - portfolio.iamristaf.in/projects/timetravel-code

- Built and published TimeTravel Code, a VS Code extension providing a local code history timeline with diff,

restore and checkpoints.

Cozy Colony - portfolio.iamristaf.in/projects/cozy-colony

- Developed Cozy Colony, an endless idle city-builder game in vanilla JavaScript and canvas, being published to YouTube Playables and Google Play.

Novels - portfolio.iamristaf.in/projects/novels

- Write and self-publish original fiction across thriller, horror and dark fantasy under Nishant Creations.

AcadeX - portfolio.iamristaf.in/projects/acadex

- Built AcadeX (formerly NoteShare), a full-stack academic notes-sharing platform with live class rooms, AI notes generation, quizzes and payments (Node.js, Express, MongoDB).

NC App - portfolio.iamristaf.in/projects/nc-app

- Built the Nishant Creations Flutter app, a digital book library with Google Sign-In (Firebase), PDF hosting and payment integration.

EDUCATION

Bachelor of Technology (B.Tech) (2023 - 2027)

St. Andrews Institute of Technology & Management (SAITM), Gurugram, Affiliated to Maharshi Dayanand University, Rohtak

Bachelor of Arts, General (BAG) (2023 - 2026)

Indira Gandhi National Open University (IGNOU)
